

Portable Pillow Tank Technical Description

Elastec pillow tanks are collapsible storage containers that provide temporary as well as long term liquid storage. Our pillow tanks can be used for potable (drinking) water, fruit juices, wastewater, chemicals, oils, and more. Standard sizes available are from 200 to 5,000 gallons (757 to 18,928 litres), we can also supply sizes manufactured to your requirement. Any tears or punctures can be repaired utilizing hand held hot air guns, repair fabric and a roller. We can supply repair kits on request.

Fill/Drain:	2 inch diameter aluminum female thread (NPT) flange
Air Vent Pressure Relief Valve:	1 per tank
Seams:	100% thermal weld - using the latest in hot air and RF welding technology.
Color:	Typically black, orange, yellow (dependent on fabric choice)

Tanks are available in the following fabric (according to application);
PVC, Urethane, XR5

Optional: Ground cloth, repair kit,

The pillow tank is supplied in a fabric protective case with straps to assist transportation and storage.
